6:30 pm - 7:30 pm

Being prepared can reduce the fear and anxiety that accompanies disasters. Communities, families, and individuals should know what to do before, during, and after a disaster. People also can reduce the impact of disasters by practicing preparedness.

We encourage you to participate in our preparedness series to learn more about how to get started.

Presented by the Southern Nevada CERT 3V program, an organized team of community volunteers trained in disaster response and preparedness to strengthen community resilience. The United Way of Southern Nevada contributes to our efforts by supplying emergency kits and snacks for this venue.
